

1. K-Love radio is a welcome addition to my local radio community because they provide a wonderful service in allowing local non-profit groups to advertise local events. There are many events I would not have heard about but for K-Love allowing them to be advertised.
2. Our community is served by no other contemporary christian music stations, and certainly no other radio stations that provide a clean, encouraging selection of music. If K-Love were to be displaced by an LPFM broadcaster providing other programming would be disheartening, as there is no other comparable source of music.
3. The service provided by K-Love is in the public interest because regardless of whether one is a Christian or not, the message they send out is one of love and positive feelings in a contemporary format. There are no other stations locally like it.
